

# March Monthly Maintenance Checklist

- Check to be sure your fire extinguisher is fully charged.
- Clean out any debris from sinks and tubs.
- Clean your garbage disposal.
- Change the filters once a month on your forced-air heating system.
- Test your garage door's auto-reverse feature.
- Check your water softener salt drum and replace salt as necessary.
- Flush all unused toilets and run water into sinks and tubs/showers.
- Remove showerheads and clean out the sediment.
- Inspect the caulking around tubs, showers, and sinks.
- Clean the aerators on all sink faucets. Inspect rubber seal and replace if needed.
- Clean out cabinets in the kitchen and bathroom.
- Clean the grills for your wall furnace or the air intake grills from a forced-air furnace.
- Get your lawn mower ready for spring.
