

# May Monthly Maintenance Checklist

- Check to be sure your fire extinguisher is fully charged.
- Clean out any debris from sinks and tubs.
- Clean your garbage disposal.
- Change the filters once a month on your forced-air heating system.
- Test your garage door's auto-reverse feature.
- Check your water softener salt drum and replace salt as necessary.
- Clean the aerators on all sink faucets. Inspect rubber seal and replace if needed.
- Tighten the drain connectors on the garbage disposal.
- Clean the grease filter on your range hood.
- Wash the fan blades on your range hood.
- Test your water heater's pressure relief valve.
- Clean outdoor furniture and air out cushions.
- Clean your gutters and downspouts.
- Inspect exterior caulking and replace any that is deteriorating.
- Be sure your trees are not interfering with any power lines.
- Hire a professional to check and pump your septic tank.
